

ZP755-COV-P

Polar White Cap for ZP755B Series Notification Devices

General

Designed to be used with the ZP755B series base sounders and notification devices, the ZP755-COV-P is a POLAR WHITE cap that allows these notification devices to be used in standalone mode, as normal room devices i.e. without a device in the base.

Options

Depending on the colour requirement, the ZP755-COV is also available in RED or a WHITE to cover the contacts where normally the detector would be positioned.

Standard Features

- Easy to install
- Easy to clean
- Allows base notification devices to be used in standalone mode
